

Meeting Minutes

June 10, 2023 (Banquet Night)

Don gave an update of the status of funds in the LCDL Account

- \$350 on Dart Connect
- \$130 on door prizes
- Some weird bank fee for \$140 that needs to be looked into
- \$928 for the awards
- \$800 for the banquet/bar tab
- Following the banquet, we will have \$550 left in the account.
 - o \$350 will be used for Dart Connect
 - o Remaining \$200 will be used for startup costs.

Jeff announced that The Untouchables, BOHICA and RUFKDN elected to not receive trophies this season. Those funds went back into the league in the form of door prizes (3x \$35 team entry fees for next season).

Daryne Wall made several attempts to introduce the idea of bringing back the draft, which was met with laughter and ridiculing throughout the meeting. lol

Doug announced that they were going to have 2 grand prizes in the raffle. They were 2 dart board light rings which were made by Tim.

Doug announced that last season they failed to provide each team contact info for all the other captain and league reps. This should've been included in the captain's folder. He stated that they will not make that mistake again.

- On the note, he asked for people to stop calling him at 1 o'clock in the morning because it interferes with his beauty sleep and God knows he needs every minute.
- Folks need to call their division reps first before escalating things to him. Heavy is the crown he wears. Poor guy! lol
- Jeff stated that the chain of command is your Division Rep, the VP and then the President.

Doug announced that the next captains meeting will be on July 6th and the tentative season start date will be July 13th.

Rosters must be in NLT than 2 weeks prior to season start so we can get everyone into Dart Connect and get schedules generated. Then he mumbled something about crocodile tears...

Doug asked for 2 volunteers to head the "Equipment Committee" to go around and check on board set ups at each of the participating venues.

Jeff asked/suggested (strong armed) Liz and Justin head the equipment committee claiming they could use it as a date night (because that's what every girl wants to do on a date). Lol. They agreed and we wish them well.

Doug announced that if the league continues drawdown below 15 teams, we will have to transition to 2 divisions. This information was accepted like a fart in an elevator. No one likes it, but we must ride it out.

Doug announced that there may be a handicap soft tip league starting soon in the area. More to follow.

Doug thanked everyone for coming out, adjourned the meeting, and then debauchery commenced.

P.S. Eric was elected league secretary.

Disclaimer: No small animals or Rodney's were harmed during the course of this meeting.
